

LLC “Paton Turbine Technologies” Environment, Health & Safety Policy

LLC “Paton Turbine Technologies” considers EHS as integral part of its business activity and EHS management system continuous improvement as one of key conditions for competitive excellence and company development.

LLC “Paton Turbine Technologies” will not be satisfied until:

- Its workplace is safe from hazards.
- Its employees are injury-free and free from occupational diseases.
- Its products and services are safe.
- Its commitment and record in compliance, pollution prevention, and protection of the natural environment are unmatched.

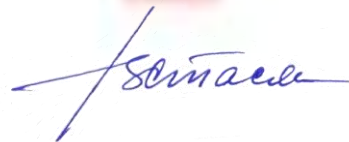

LLC “Paton Turbine Technologies” EHS objectives:

- Eliminate all employee injuries and ill health by making the workplace free from hazards and unsafe actions.
- Drive pollutants in manufacturing processes to the lowest achievable levels.
- Conserve natural resources in the design, manufacture, use and disposal of products and delivery of services.
- Comply with safety and environmental protection standards, applicable laws, and company policies and go beyond, when necessary, to achieve our goals.
- Hold operating managers accountable for safety and environmental performance and for providing leadership and required resources.
- Create safety culture when all employees support the policy and objectives.

LLC “Paton Turbine Technologies” will achieve its objectives by:

- Make safety and environmental considerations priorities in new product development and investment decisions and in our dealings with contractors and suppliers.
- Quantifying safety and environmental goals and measuring progress regularly.
- Responding to expectations of employees and interested parties.
- Develop technologies and methods to assure safe workplaces and to protect the environment, and promulgate these outside LLC “Paton Turbine Technologies”.
- Work with governments and industry associations to advance laws and regulations supporting these goals.
